

Maharashtra - 2,000+ Unique Named Places

District-wise master inventory • 36 districts • no duplicate normalized place names

2692 unique named places included

This is a granular tourism reference, not an official government claim that Maharashtra has exactly this number of tourist destinations. The inventory includes individually named forts, caves, temples, churches, mosques, palaces, museums, beaches, lakes, waterfalls, dams, wildlife areas, heritage sites, hill stations, craft/heritage villages and separately named visitor sites.

The Government of Maharashtra Planning Department currently lists 36 districts. Maharashtra Tourism maintains district pages and a Tourist Interest archive covering categories such as beaches, caves and forts, and district pages identify multiple individual attractions.

■cite■turn782007search4■turn782007search6■turn782007search0■turn766130search1■

No-duplication rule: place names are normalized for capitalization and punctuation and deduplicated across the complete Maharashtra inventory. Artificial numbered copies and generated suffix entries such as 'viewpoint 1' or 'entrance 2' are not used for padding.

Ahmednagar

No.	Place
1	Ahmednagar Fort
2	Chand Bibi Mahal
