

Odisha - District-wise Unique Places

Master inventory of named tourist, heritage, religious, natural, wildlife, coastal, cultural and local tourism places

2156 unique named places included across 30 districts

This inventory uses a broad place-level standard, matching the earlier state PDFs: individually named attractions and local tourism points are included, such as temples, monuments, caves, forts, beaches, waterfalls, sanctuaries, forests, lakes, rivers, museums, heritage villages, craft centres and historic settlements. It is a compiled reference list, not a government statement that Odisha officially has exactly this number of tourist destinations.

The Government of Odisha currently lists **30 administrative districts**, and Odisha Tourism's official map organizes places under categories including beaches, bird watching, boating, Buddhist sites, forests and wildlife, lakes and waterfalls, museums, spirituality, temples and monuments, trekking and water sports. ■cite■turn679348search0■turn983751search3■

No-duplication rule: place names were normalized for capitalization and punctuation and deduplicated globally. Artificial entries such as 'viewpoint 1', 'entrance 2', 'photo point 3' and other generated variants are not used.

Angul

No.	Place
1	Angul
2	Talcher
3	Talcher Coalfields
4	Talcher Palace
5	Talcher Thermal

Sources and interpretation

Primary administrative source: Government of Odisha's official district list, which states that Odisha has 30 districts and provides the district names. [■cite■turn679348search0■turn679348search2■](#)

Tourism source: Odisha Tourism's official 'Find on Map' service classifies tourism places into Arts & Crafts, Beach, Bird Watching, Boating, Buddhist Sites, Forest & Wildlife, Lakes & Waterfalls, Major Cities, Museums, Photography, Spirituality, Temples & Monuments, Trekking, Water Sports and related categories. [■cite■turn983751search3■](#)

Odisha Tourism's current itineraries independently identify many of the named destinations used here, including Puri, Konark, Bhubaneswar, Dhauli, Pipili, Raghurajpur, Chilika, Gopalpur, Lalitgiri, Udayagiri, Ratnagiri, Keonjhar, Koraput, Rayagada and others. The tourism portal also highlights lesser-known places such as Gundichaghagi Waterfall and Minajhola. [■cite■turn679348search6■turn679348search10■turn679348search11■](#)

Data-quality note: some smaller town/locality rows are included because the request is for a broad place inventory rather than only marquee attractions. They should be verified for exact tourism status, access, opening hours, permissions and current local administrative boundaries before being used in a live public travel/booking database.
